The communication platform
for schools and parents

Your school invites you to create an account on Schoudercom.nl. What are the advantages?
- Overview of all your school communications;
- Easily send a message to the teacher or a parent;
- Various communication options for the school, like messages, invitations, polls and surveys and scheduling the parent-teacher conferences;
- A year calendar which doubles as a personal agenda.

For more information visit www.schoudercom.nl.

Create an account

Each parent receives an invitation email from Schoudercom.nl containing a link. Via this link you can create your own account and edit your personal profile. You can choose who may view personal data on your profile.

1. Click the link Create a username and password in the invitation email to create your username and password.
2. Subsequently you can indicate of which child(ren) you are a parent or caretaker. After saving this will have to confirmed by school employees before you can continue.
3. The next page will be My profile. Here you can edit your private data and choose who may view this. Please do not forget to save afterwards.
4. By clicking Edit under the name of your child or partner you can edit the profiles of your family members.
5. Tip: add the OVERVIEW page to your favorites and/or download the App (Google Play Store and Apple App Store).

Using Schoudercom.nl

The **Overview** tab gives an overview of items such as received messages, your agenda, the calendar, the group your child(ren) belongs to, news items and polls. Click tab **Mailbox** to access all your sent and received messages, for example to archive them.

At various locations you will see question marks **?**, when clicked more information is shown about the relevant subject.

Questions?

Several questions and answers can be found in the frequently asked questions section. If you have any questions please use the orange Feedback button in the right bottom corner in Schoudercom.nl after logging in or send an email to support@schoudercom.nl.
